SUMMARY

with 2 years of experience managing hybrid environments (Nutanix & Azure). Automated infrastructure provisioning, optimizing virtualized environments to improve system reliability and reduce operational costs.

EDUCATION

Lovely Professional University

Master of Computer Application (MCA), Oct 2026

- Machine Learning and AI
- Expected Oct 2026

Phagwara, Punjab

Sem 4 CGPA:~7.00

BVM Holy Cross College

Bachelor of Computer Applications (BCA), April 2024

- Student Coordinator, ASSET
- Cultural Head, TECHNE
- Best Outgoing Student Nominee

Cherpunkal, Pala

Cumulative CGPA:8.00

WORK EXPERIENCE

MICROLAND LIMITED

Virtualization & Cloud Infrastructure Engineer

Bagmane, Bangalore

August 2024 - Present

Experience: 2 Years

Responsibilities

- Manage 400+ VMs across Nutanix and Microsoft Azure environments, implementing resource optimization strategies that improved hardware utilization.
- Automated server maintenance and patching schedules, reducing manual effort and ensuring 100% compliance across production environments
- Collaborated on cloud infrastructure deployments and environment setups, utilizing GitHub Actions for CI/CD pipeline efficiency.
- Diagnose and resolve high-priority (L2/L3) networking and platform-related issues to maintain 98% system availability.

SKILLS

Cloud & Virtualization: Microsoft Azure, Nutanix Prism, AWS (Familiarity), VM Provisioning

DevOps & Automation: CI/CD (GitHub Actions), Terraform (IaC), Docker, Linux, Git

Infrastructure: Server Management, Patching, Monitoring (Azure Monitor), Troubleshooting

Programming & Databases: Python (Automation), C, C++, MySQL, MongoDB

Web Technologies: HTML, CSS, JavaScript, PHP (basic)

Soft Skills: Communication, Collaboration, Problem Solving, Adaptability

PROJECTS

PLASTICO: Recycle and Waste Management App, A+ grade.

ReLife: Blood Bank Management System, A+ grade.

Agria: Disaster Management App for large-scale farms, State Level Award.

CERTIFICATIONS

- Microsoft Certified: Azure Administrator Associate (AZ-104) — Expected Completion: August 2026
- Prompt Engineering - Hands-on Learning / Self-Practice
- AcadBuddy Machine Learning Workshop

ACHIEVEMENTS & ACTIVITIES

- Technica - State Level Software Development Competition. 1st Prize. Hosted by Amal Jyothi College of Engineering
- AcadBuddy Machine Learning Workshop
- Industrial Visit, Srishti Innovative Computer Systems, Technopark
